UPRL10564

Cambrian is a comfortable and breathable model of safety shoes with an upper in soft water-resistant Pull-up leather and WingTex air tunnel lining for air circulation and prolonged comfort.

Highly breathable work shoes with Infinergy® system ensuring energy return: over 55% more energy with every step!

These water-resistant safety shoes have an AirToe® composite toecap to protect the tip of the foot and the Save & Flex Plus anti-perforation system. It is textile and sewn directly on the upper to guarantee maximum safety and protect against perforation due to sharp objects such as nails or splinters.

Cambrian are oil and water-resistant work shoes that are very comfortable thanks to the soft and enveloping WOW Gel insole that covers the foot from minor bumps and pressures, adapting perfectly to the shoe.

S3 SRC CI ESD standard protection work footwears, with special protection of the sole from the cold and anti-slip, anti-oil, anti-abrasion and antistatic properties.

Water-resistant work boots appropriate for outdoor use in a humid environment and, particularly for trucking and logistics, craftsman, house painter, carpenter, bricklayer, gardener and farmer, the gas station attendant, mechanic, tire dealer, worker, electrician, welder, warehouse worker.

Complies to EN ISO 20345 - S3 SRC CI ESD
